SUITS ABOUL

FOR HER APPENDIX

From the London Globe.

Abdul Hamid, the ex-Sultan of Turkey, was sued recently before the chief cadi by a woman for damages for the loss of her appendix.

A few years ago, Abdul's favorite daughter was attacked by appendicitis, and a surgical operation became necessary. The sultan ordered that a sort of "trial operation" should be performed before the doctors should proceed to treat the case of the princess.

A woman who was under treatment in a hospital for an ear affection was chosen, and she now claims the return of the organ or, failing that, adequate medical damages.

The cadi, not finding any precedent for such a case in the Koran, adjourned the hearing for a fortnight.

WOMEN WHO ARE ALWAYS TIRED

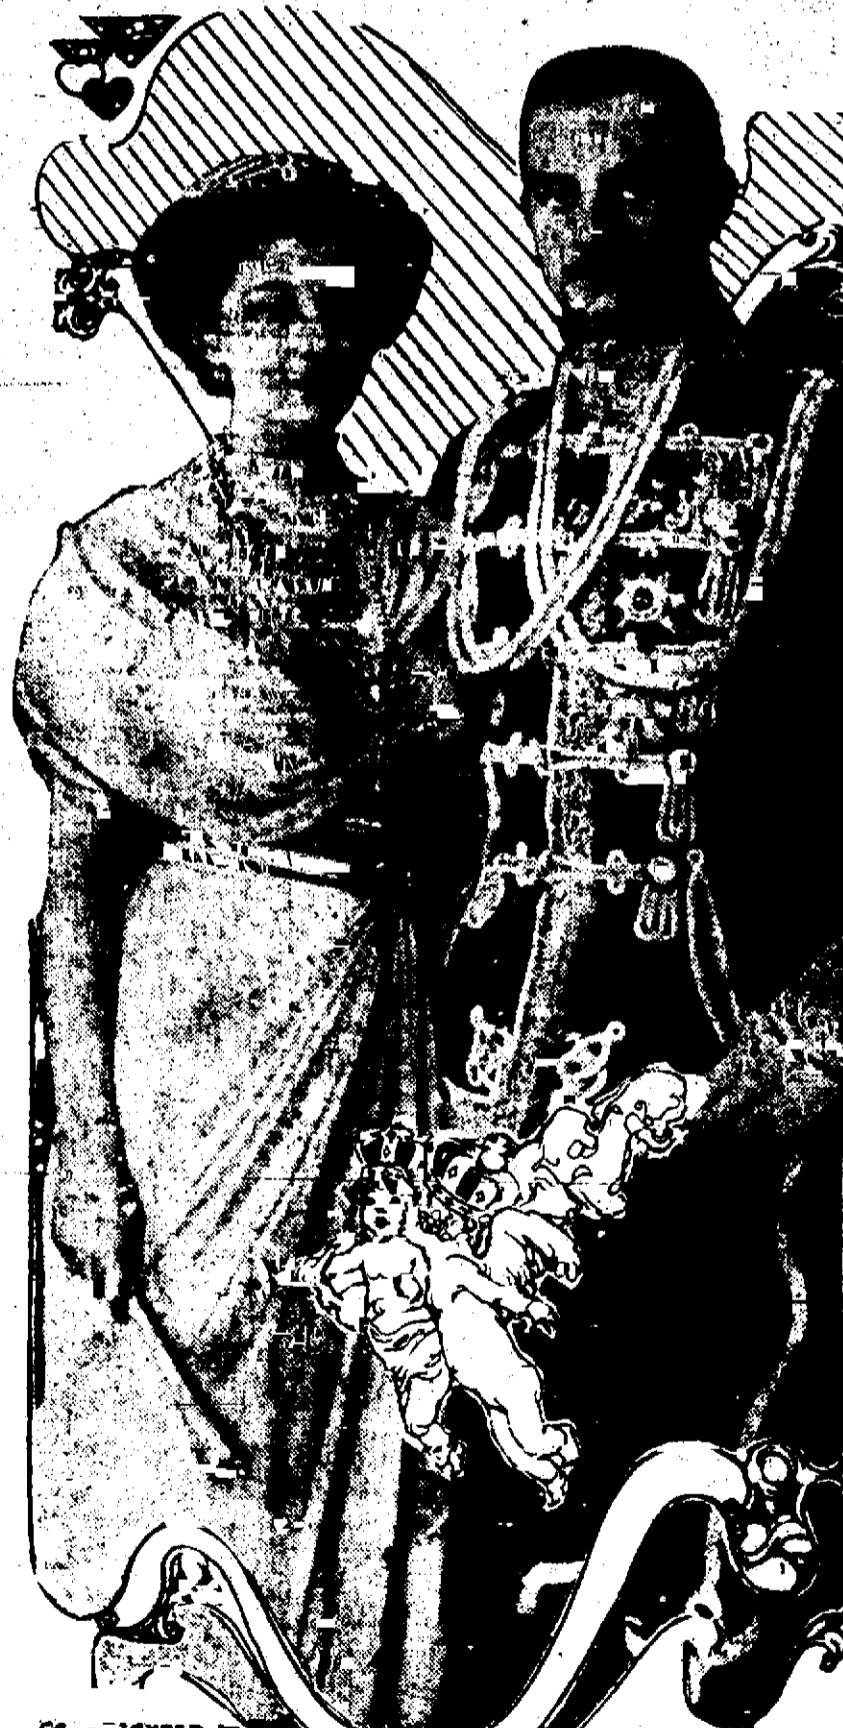

May Find Help in This Letter.

Dear Sirs— "I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling. I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CARSON, R. F. D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved.

Hebron, Me.— "Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my work now, where before taking Lydia it was a load. I try to impress upon the mind of all ailing women that the benefits they can derive from your medicines."—Mrs. CHARLES BROWN, R. F. D., No. 1, Swan Creek.

My special advice
is to Lydia E. Pinkham's
Vegetable Compound. It is
a great medicine for all
kinds of diseases. It
is a great help to me.

Four Officials of Terre Haute Guilty Contempt of Court

TERRE HAUTE, Ind., March 26.—Four members of the city administration, Edward Heller, superintendent of police; P. B. May, assistant city attorney; Harry S. Montgomery, president of the board of public works, and Henry R. Barber, building inspector, were found guilty of contempt of court today, sentenced to 30 days in jail and fined \$100, but the fine and sentence were suspended during good behavior. In addition the court barred Attorney May from further participation in the trial of Mayor Roberts, which was resumed this morning.

The men were cited on the contempt charge as the result of an alleged raid Saturday afternoon, when the city officials, with a number of policemen, entered the office of Special Prosecuting Attorney Chalmers Hamill for the alleged purpose of getting possession of the registration books and supplies which were to be used by the state as evidence in the trial of Mayor Doan M. Roberts for alleged election conspiracy, now under way.

IF KIDNEYS ACT BAD TAKE SALTS

SAYS BACKACHE IS SIGN YOU
HAVE BEEN EATING TOO
MUCH MEAT

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and torpid. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach aches, tongue is coated, and when the weather is bad you have rheumatism twinges. The urine is cloudy, full of sediment, channels often get more water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with litchi, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates the bladder and kidneys.

Jad Salts is a life saver for many meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent light-water drink. Adv.

93 Miles of Great Catskill Aqueduct Is Now Completed

NEW YORK, March 26.—All that part of the great Catskill aqueduct above Yonkers is now finished. It was dedicated today, and the 8,000 of water supply has arrived for bids on 1,250,000 young evergreen trees to plant about the large reservoirs. The torn-up spots along the right-of-way will be plowed up and sown with grass seed. There are now 30 miles of the big tube ready to conduct water to this city from the Catskills.

Although water could be sent through the tube at any time, the Hillview reservoir, near Yonkers, is not ready for the reception of the millions of gallons which are to be stored at that point. The reservoir will be done by the end of this year.

PLOTTED PIRACY AS A PROLIC

PA. Passengers on Pacific Liner Wanted
to Escalate the Voyage

From the San Francisco Bulletin.— But for the vigilance of Purser Samuel M. Williams, the liner Sierra might now be wandering helplessly about the broad Pacific, a prey to pirates. Instead, the ship reached port from Honolulu in perfect safety with 250 more than usually happy first-class passengers.

Purser Williams nipped the piracy plot in the bud. It took courage. It came about in the most unexpected way.

As soon as the liner left Honolulu the social proclivities of the passengers began to show in a series of dances and dinners, culminating in a "hula-hula" ball. There are different stories about this ball. Some say it was all right and others say that they got up and left.

A supper was next in line a very happy and enjoyable supper, not bound by too many social formalities.

"What a shame the voyage ends so soon!" exclaimed one of the young women at the supper. "Why couldn't we go on sailing like this forever?"

Then the pirate plot burst forth. "We could," declared Miss Marie Harrison, one of the younger leaders in the gaiety; "we could, if only somebody was resourceful."

"What do you mean?" ventured Miss Cecile Becker, her friend.

"Just this," was the reply. "Somebody could go into the captain's cabin when he wasn't looking and steal his navigating instruments. Then he couldn't find San Francisco, and we'd have several days more fun."

Details were added by other passengers, including Miss Blanche Schoenberg, H. M. Watt, a retired capitalist of Kansas City, and T. M. Huntington, a Seattle capitalist. Just then Purser Williams chanced to pass by.

"Do you know," he demanded, stepping up boldly, "do you know that you are plotting piracy?"

"Oh, that's all right!" came the reply in chorus. "We just want to sail out the voyage that's all."

"But suppose you went to jail afterward?"

"Jail isn't any worse than ending the voyage."

"But suppose we ran out of food?"

"Well..."

"Or suppose we ran out of water and other things?"

The alignment won the day. Purser Williams retired, having saved his ship, and the passengers ended their fun with the knowledge that perhaps, after all, it was better not to be pirates. So that is why the *Sierra* sailed on.

MRS. NORMAN WHITEHOUSE

Who is known to society in several cities of the United States, believes there is great provocation for the work of the militant suffragettes of London. She has just come from there and had given some time to the study of their aims and methods.

When she was asked about the mutilation of the "Boeby Venus," a painting worth \$250,000, in the National Art gallery, she said: "We don't understand the conditions over there, and the English women have more provocation for their acts. The conditions in America and England are very different."

But Mrs. Whitehouse leans considerably in favor of woman suffrage.

Representative Henry, in opening the argument today in the house for the rule decided that the free toll plank of the Baltimore platform did not represent Democratic sentiment, and pointed out that when the Panama canal act was passed only 72 Democrats in the house voted for free tolls, while 94 voted against the provision.

I propose, he said, to add in the correction of a blunder that has been committed by the American congress. This free tolls act violates the terms of a treaty and contact we have with England and other nations. The president of the United States has come to the house and summoned us to his and in this great task and I propose to follow him.

Bill Protects the Trusts.

M. Henry asserted that the American bill secured no benefit from the free tolls and asserted that the vessels that would profit from the exemption are owned by the Steel trust. Standard oil trust, the Southern railway, the New Haven railway, the Seaboard and Atlantic.

Those are the people, he said, but we to make a million dollars a year because of this exemption.

He quoted from the report of the shipping trust investigating committee to show that railroads controlled most of the American ships that would use the canal.

The question of honor involved, replied Representative Flood, chairman of the foreign affairs committee, is not that of Great Britain but is a question of our living up to a contract we have made and consented to.

Representative Campbell of Kansas

City then opened the argument to the points of the rule.

What is Foreign Policy?

This is a question of the gentleman from Texas, he said, is it railroad ownership or is it the very term of the Panama canal act which it is proposed to repeal specifically to prohibit the use of the canal to railroad-owned ships. The president told us a few days ago that right or wrong we must repeal this provision and in a mysterious fashion referred to the foreign policy of the administration. He told us that if we do not grant him this request in a grudging measure he will not know what to do in other

encouraged the opponents of the rule and Representative Sims author of the repeal bill, later issued a statement declaring.

I have heard that there will be an organized effort by enemies of the administration, both in and out of the Democratic party to defeat the motion for the previous question on the bill tomorrow. The object of this would be simply to allow embarrassing amendments to be offered to the bill.

A vote against the previous question will be practically a vote against the bill.

**SULLIVAN-COOSINE
CIRCUIT PURCHASED
BY DEW SYNDICATE**

KANSAS CITY, March 26.—"George Loew, of New York city, for himself and others tonight signed a contract to purchase the Sullivan-Coosine vaudeville circuit and properties for an amount that will exceed \$6,000,000. Mr. Loew will take over the properties August 1 next."

The properties, which are scattered throughout the country, are owned jointly by John W. Considine and the estate of Timothy D. Sullivan of New York city. Thirty-seven theaters owned outright by the Sullivan-Considine interests, and 100 theaters which the circuit books, were involved in the deal.

Mr. Loew, under the contract, will pay the Sullivan-Coosine forces \$1,500,000 for "good will," and inventory will be made of the theaters and properties of the circuit at their present value. Mr. Loew agrees to pay the amount the inventory calls for, which is estimated to be between \$4,500,000 and \$5,000,000.

Mr. Considine represented his circuit in the transaction.

The conferences that led up to tonight's agreement were participated in by Patrick Sullivan, brother of Timothy D. Sullivan, representing the Sullivan estate; Jerry Mulligan, an owner of Sullivan and Considine stock; Emmanuel Blumenthal, O. I. Wise, H. C. Robertson and Morris Kohn, all of New York; John E. Ludwig of the Loew interests; Aaron Jones, Chicago; Moses Oppenheimer, Spokane, and G. E. Lincoln of Chicago.

Mr. Loew announced he would combine the theaters involved in tonight's deal with the houses he now owns. This will bring the number of theaters now controlled by him up to 200.

Bombardment Threatened.

Villa is said by Chao to have asserted that for the 24 hours preceding his taking of Gomez Palacio the battle was confined mostly to artillery practice. Today Villa is quoted as saying that his men were moving into positions for the attack on Torreon proper, and he believed the federales would be in no position to withstand an assault after the bombardment which the rebels have in store for them.

Observers of the situation here believe that they have been misled so often in the last 10 days by so-called official reports of both sides that neither official utterance was impressive. More importance was attached to the renewed censorship which has prevented newspaper correspondents at the front from sending impartial stories of events under their observation.

Minimum taxable valuation's on livestock were disagreed today. R. J. Stearns of Farmer county presented a report from a committee appointed yesterday, fixing a scale of livestock values.

The equalization of assessments throughout the state also was discussed.

Reports Are Conflicting.

MR. PASO, Tex., March 26. Conflicting reports today left the situation at Gomez Palacio and Torreon a matter of conjecture.

General Villa telegraphed to Manuel Chao at Juarez that he had been in possession of Gomez Palacio since morning and predicted that the rebels would have Torreon not later than Saturday. On the other hand, Miguel Diebold of Huerta's consular service, exhibited telegrams declaring that the rebels had been repulsed at all points.

Diebold alleged that when at first the rebels thought they had Gomez Palacio they were the victims of a trap, as a result of which they lost heavily in dead and wounded, not to mention the loss of 800 or one.

Mabie Led Into Trap.

The federal retreat, he said, was a feint to draw the rebels over 127 dynamite mines, which he said, were exploded under the invaders with the result mentioned.

General Villa's telegram as given out by General Chao asserted that the rebels were still maintaining a base at El Veriel, five miles from Gomez Palacio, while the railroad line between the two places was being repaired.

He added that the federales had attempted to evacuate Torreon through the hills to the south, but were driven back into the city.

Bombardment Threatened.

Villa is said by Chao to have asserted that for the 24 hours preceding his taking of Gomez Palacio the battle was confined mostly to artillery practice. **2 FIREFMEN KILLED
IN SIOUX CITY FIRE**

Property Loss Estimated at \$300,000 to \$400,000; Men Caught Under Wall

SIOUX CITY, Ia., March 26.—Two firemen were killed and three injured and between \$300,000 and \$400,000 damage done in a fire which swept the quarter-block at the southeast corner of Fourth and Nebraska streets, the heart of the business district, early this morning.

The dead are:

FRANK FULTON, pipefitter, Company No 1.

SEELEY LAWTON, driver for Fire Chief Kellogg.

The injured are:

Edward Roth, captain Hose Company No. 3.

Kenneth B. Gant, pipefitter, Hose Company No. 5.

Captain William Doyle, pipefitter, Hose Company No. 2.

The men were not seriously hurt.

Caught Under Falling Wall.

The blaze broke out in a five-story building occupied by the Anderson Furniture company. The firemen were fighting the flames from Fourth street when the wall fell and two of them were caught under it and killed. It was nearly two hours before the men were freed by their comrades.

The flames rapidly swept through the Anderson building and communicated to the Frank hotel adjoining. Occupants in the hotel were warned and most of them escaped by the stairways. Three men in the hotel were cut off by the flames. They were forced to leap for their lives. Two were caught in nets by the firemen and were uninjured.

The flames swept through the hotel on one side and on the other side of the Anderson building communicated to the three-story building occupied by the Moore Clothing company.

Thrilling escape from the third floor of the corner building over the Moore clothing store and the Central bank was made by several men and women who leaped into the life nets.

**Oil Men Ask More
Liberal Policy in
California Field**

WASHINGTON, March 26.—An appeal for more liberal treatment for the independent oil producer was made by a California delegation today before the house public lands committee which has under consideration the administration bill to authorize leasing of mineral rights on the public domain.

Mr. W. H. Ochner of San Francisco, said he was spending \$200,000 in sinking an experimental well 4,850 feet deep in the California oil fields. He objected to the proposed limit of 100 acres to be patented by a successful prospector, asking that when the government disposed of the remainder of the proven ground around the 100 acres the patentee probably would have to turn to a big corporation which would fence him out.

RUSSUM WANTS \$75,000
DAMAGE SUIT TRIED HERE

Film Objection to Motion that Action
Be Changed to Denver
Court

Objection to the motion for a change of venue in the suit of Thomas Russum against Francis W. Keefer for \$75,000 damages for the alienation of the affections of his wife, Mrs. Jacqueline Russum, was filed in the district court yesterday by R. W. Dunn and J. A. Orr, attorneys for Russum. Russum asks that the case be tried here and not in Denver, where Keefer's attorneys ask that it be changed.

The Russum-Keefer case created a sensation here last summer. Russum is a prominent engineer of Chicago and Keefer a Denver broker. Russum caused the *scandal* of Keefer and Mrs. Russum in this city on a statutory charge. Detectives watched the pair for some time, but when the case was tried in court it was dismissed. Later Russum filed the damage suit against Keefer. Mr. and Mrs. Russum were divorced November 26, 1913.

Army of Unemployed
Passes Through City

One hundred and fifty "soldiers" of the army of the unemployed passed through Colorado Springs yesterday afternoon and recruited five new members who were waiting at the Denver & Rio Grande station to greet their friends. Chief of Police Stark and several patrolmen were at the depot when three refrigerator cars, loaded with loyal "troopers" of "General" Kelley, rolled in and saw that none of them left the detachment. The men were fed in Pueblo yesterday morning. A wag, carrying a bundle, approached the cars and asked the men if they wanted something to eat. They responded heartily in the affirmative and were thrown a bundle containing copies of the Appeal to Reason.

"Dig those, if you can," he shouted, as the freight train rolled out of the station.

Sigma Chis Off on
Big House Party

Forty members of the Sigma Chi fraternity, their girl friends, chaperones, cooks, etc., left yesterday morning for the Half-Way house, where they will spend the next four days on the annual house party of the fraternity. The party was taken to the top of Mount Manitou on the Incline road and walked over to the Half-Way house. A number of special features have been planned for the affair, which is always one of the most elaborate of spring vacation events at the college.

Nys of the Coasts

Information was filed in the district court yesterday morning against Eva Haines and Laura Bell of Colorado City charging them with keeping disorderly houses. They were placed under arrest and released on \$50 bail.

Attorneys for the Denver and Rio Grande railroad yesterday filed a motion for a change of venue in the damage suit of Edward L. Johns. The defendants state that the offices of the company are in Denver and that Johns' home is not in Colorado Springs but that he only attends college here. Johns alleges that he fell from a Rio Grande train near Larkspur last fall and was injured.

A motion for a change of venue was filed in the district court yesterday by William B. Daniels in the divorce suit filed against him by Nancie M. Daniels. The defendant asks that the case be tried in Crowley county.

Yesterday morning a police court record was as follows:

Drinking in a public place—Mike Kelly and Shorty Roberts, \$20 each, committed.

Riding on sidewalks—Lee Bragg and William Jones, \$1 each.

Speeding—Ralph Mumford, \$12.50.

Drunkenness—Ross Brooks, \$12 (suspended).

Investigation—Harry Silverman, \$10 (suspended).

J. Harlan was awarded \$5 damages in his suit against W. D. Rosenthal in the county court yesterday morning. Harlan alleged that Rosenthal's automobile smashed a motorcycle in an accident on Cascade avenue.

Deaths and Funerals

In accordance with a request found among his papers, the body of W. A. Platt, former editor of The Gazette and Evening Telegraph, was cremated in Denver yesterday morning. Mr. Platt died in Denver last Sunday. The ashes will be brought to Colorado Springs this afternoon at 2:45 o'clock and will be taken direct to Evergreen cemetery for interment. Short services will be conducted there by the Rev. W. W. Ranney.

Wesley Magden, son of Mr. and Mrs. Magden, 202 Beacon street, Roswell, died yesterday in Denver after a short illness. The body was brought here last night and the funeral will be held Sunday morning from the Christian Assembly church, the Rev. Mr. Fink officiating.

CHILDREN LOVE
SYRUP OF FIGS

It is cruel to force nauseating, harsh physic into a sick child

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicate "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it, that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which will find directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Manager Baker said yesterday that he would continue to show the pictures and had no fear of the interference from local authorities as the national board of censorship has passed the films and placed its O. K. on them.
